Plan summary for a scholarship plan

4.1.1 To help write the plan summary for a scholarship plan in plain language, scholarship plan providers may use the Flesch-Kincaid methodology to assess the readability of a plan summary. The Flesch-Kincaid grade level scale is a methodology that rates the readability of a text to a corresponding grade level and can be determined by the use of Flesch-Kincaid tests built into commonly used word processing programs. For French-language documents, scholarship plan providers may wish to consider using other appropriate readability tools.
