Increased strengths/confidence

Improved/increased food and nutrition knowledge

Developed new skills

Increased social connection

Comments:

What were the top three things that made your project successful?

1.

2.

3.

Please list any resources you received (such as a Kids in the Kitchen manual, aprons etc.) and comment on their usefulness for your project.

Did you face any unanticipated challenges during your project? If “yes”, please tell us about any adaptations you made to meet the challenges.

Do you have any feedback for us about the grant process that could have improved this experience?

Lastly, share a story and/or photos* from your project. Is there an experience, quote or moment that you would be willing to share with us about how your project made a difference for you, your participants or the community?

* If photos are attached, please send signed photo release forms, giving us permission to use photos to promote the grant.
